---

#### **DIRECTIONS FOR USE**

---

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.
- Read the label affixed to the container for Komeen<sup>®</sup> Descend before applying. Follow all precautionary statements and applicable use directions except as specified below.
- This product bulletin should be in the possession of the user at the time of application of the product.

Apply Komeen Descend at a rate of 0.5 to 1 ppm (1.7–3.3 gal / acre-ft).

Refer to product label for specific guidance on general application restrictions and pre-treatment considerations, surface spray, injection or boat boom applications, maximum annual application rates, and other treatment factors and considerations. Contact a SePRO Technical Specialist for specific guidance.
